

## Mr Baked Potato

Mr Baked Potato you're really super-duper  
I like your eyes and your ears, your mouth and your nose  
*Repeat*

But where are your arms, where are your arms  
I can't see them, I can't see them  
But where are your arms, where are your arms  
There they are, there they are

Mr Baked Potato you're really super-duper  
Now you're all there, even your arms  
Mr baked potato
